

CLOUD SERVICES AGREEMENT

Agreement Number: CSA-2025-MFG-ST-001

Effective Date: January 1, 2026

Term: Three (3) Years

PARTIES

PROVIDER: StratusCloud Technologies Inc. 2500 Technology Boulevard, Suite 800 Santa Clara, CA 95054 United States of America

CUSTOMER: Meridian Financial Group One Meridian Plaza, 42nd Floor London EC2N 2DB United Kingdom

RECITALS

WHEREAS, Provider is engaged in the business of providing enterprise-grade cloud infrastructure, platform, and managed database services;

WHEREAS, Customer is a multinational banking institution requiring secure, compliant, and highly available cloud infrastructure to support its global operations across 45 countries;

WHEREAS, the parties desire to enter into this Agreement whereby Provider shall furnish cloud services to Customer under the terms and conditions hereinafter set forth;

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1: DEFINITIONS

1.1 Definitions. For purposes of this Agreement:

- (a) "**Availability**" means the percentage of time during any calendar month that the Services are operational and accessible to Customer, calculated as: $[(\text{Total Minutes in Month} - \text{Downtime Minutes}) / \text{Total Minutes in Month}] \times 100$.
- (b) "**Covered Services**" means the Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Managed Database Services as described in Exhibit A.
- (c) "**Customer Data**" means all electronic data, content, and information submitted, stored, transmitted, or processed by or on behalf of Customer using the Services.
- (d) "**Downtime**" means any period during which the Covered Services are unavailable, excluding Scheduled Maintenance and circumstances defined in Section 3.3 (SLA Exclusions).
- (e) "**Production Environment**" means Customer's live banking workloads processing real customer transactions, as distinguished from development, testing, or staging environments.
- (f) "**Recovery Point Objective (RPO)**" means the maximum acceptable period during which Customer Data may be lost due to a Service incident.
- (g) "**Recovery Time Objective (RTO)**" means the target duration within which Services must be restored following an incident.
- (h) "**Reserved Instances**" means compute and database resources pre-purchased by Customer for a specified term at discounted rates.
- (i) "**Scheduled Maintenance**" means planned maintenance announced at least seven (7) calendar days in advance, conducted during Customer-approved maintenance windows.

ARTICLE 2: SCOPE OF SERVICES

2.1 Services Provided. Provider shall furnish the following Covered Services to Customer:

(a) **Infrastructure as a Service (IaaS):**

- Virtual compute instances (general purpose, compute-optimized, memory-optimized, and GPU-enabled configurations)
- Block storage (SSD and NVMe-based persistent volumes)
- Object storage with 11-nines durability
- Virtual private cloud networking with dedicated interconnects
- Load balancing (Layer 4 and Layer 7)
- DDoS mitigation and web application firewall

(b) **Platform as a Service (PaaS):**

- Container orchestration platform (Kubernetes-based)
- Serverless compute functions
- API gateway and management
- Message queuing and event streaming services
- Identity and access management integration
